Soviet Naval Strategy and Programs Through the
1990s

Bah

STAT

I am recommending [] new Chief of Naval Operations Branch, Theater Forces Division, SOVA, as DI representative for NIE 11-15-84. This NIE updates NIE 11-15-82 in which there was a substantial degree of community consensus on the future of the Soviet Navy. Our initial review of the new draft suggests that the coordination process will not be difficult.
